ISSUE:

Approve an ordinance amending Section 1-2-110 of Title 1 and Section 20-7-108 of Title 20 regarding late fees for storm water billings.

SYNOPSIS:

This ordinance imposes a \$15.00 late fee if the Storm Water Utility Fee is not paid within 20 days of the due date of the billing.

BACKGROUND:

The City will take over Storm Water Utility billing from Rocky Mountain Power this fall. The plan is that eventually all residential customers will be included in the in-house billing.

The current Storm Water Utility Ordinance and Consolidated Fee Schedule do not address late fees since late payments are handled by Rocky Mountain Power under the current billing agreement.

RECOMMENDATION:

Approval of Ordinance amendment
